Who traveled to Orlando, Florida for a big competition in 2023?

MLSS – Miaoli Special School (苗栗特殊教育學校) is a school for children with special needs. Children with special needs have different challenges. They may need more time to do certain tasks or need special attention in certain areas. They often need a lot of help and care. They are different from **average** students, but that doesn't mean they are **weak**. In fact, the students at MLSS have done some amazing things!

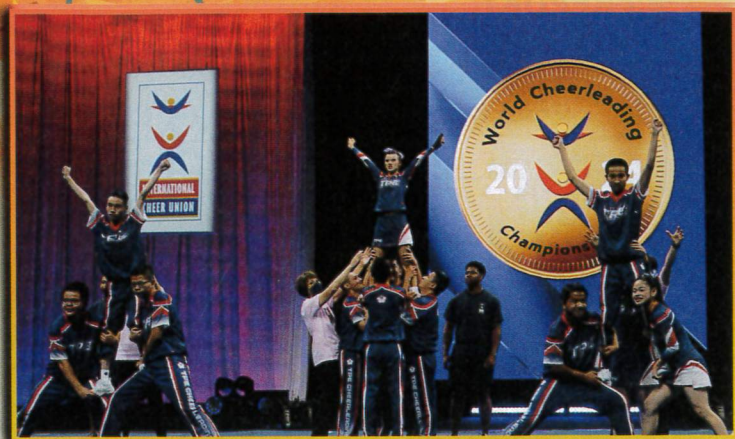

Last year, the students of the MLSS cheer **team** did something great. After working hard for several months, the team, their coaches and **Principal** Chou traveled to Orlando, Florida, in the United States. There, they competed in the Special Olympics Division of the 2023 ICU World Cheerleading Championships (世界啦啦隊特殊奧運組錦標賽). But they didn't just compete! They won silver! That means they won second place in the world in the competition!

Special needs children are unique in their own way. Sometimes these students face challenges because many things in the world are made for people who don't have special needs. But if given the chance, these kids can do amazing things that go **beyond** what people **expect**. 🦉 That's why schools like MLSS are so important. At these special schools, children get the support they need. They can learn skills that can help them in the future.

Questions

1. Why are schools like MLSS important?
2. What challenges do you face sometimes? 🦉

Want to try something harder? Try *Studio Classroom*!

In May they competed in the championships once again. But this time they won gold!

But if given the chance, these kids can do amazing things that go beyond what people expect.

句首的 If given the chance 「如果有機會的話」，表達對還沒有做過的事，說出心中的期望和意願：

- If given the chance, I'd love to travel around the world.
如果有機會的話，我很想去環遊世界。
- If given the chance, she'd learn a third language.
如果有機會的話，她會學第三種語言。
- If given the chance, the children would play with the puppies all day.
如果有機會的話，孩子們會一整天都跟小狗玩。
